Feb/Mar 2022

Hi all,

As this is our first Newsletter for 2022, I'd like to wish you a Happy New Year. It's been an unusual start for many of us with a mild, wet summer; flooding and Covid still influencing our day to day life. I'm wondering, is Covid still unusual or is it now the norm?

Flies and mosquitos continue to be a problem. Five minutes outside in an evening can result in a dozen or more tiny ankle bites and itchy, uncomfortable nights. It's also a problem for the animals. We have a range of personal, animal and site protection products in stock as well as a full range of all sized Gumboots for wading around muddy paddocks and protecting vulnerable ankles..

Starting a New Year brings us to drawing up plans for the next 12 months. Some customers I have been talking to are setting specific goals in certain areas of production. Safety is a necessary focus, especially in the Shearing Shed and Workshop areas. Talk to us about replacing outdated machinery with modern safety conscious models such as the **Heiniger Evo Shearing machine** and the **TPW Woolpress**. Give me a call if you

want to know more: I can go through the advanced operational methods of these modern pieces of machinery with you.

You may have already upgraded some of this equipment, and if so, remember that regular servicing will extend the life of your machines. We can arrange for accredited technicians to come to your shed and service your gear, call me if you'd like some prices. Like with a vehicle, once the service is done, you can feel confident and prepared for operations to run smoothly when things get busy.

Do you buy Dog Food every time you come to town? We have a 'pallet promotion' on **Dog Pro True Value** and **Dog Pro Working Dog Plus**. Buy a pallet of fifty bags and save \$100, that's a saving of \$2 per bag. Available while stocks last.

Also in February and extending until the end of March, all **Thomas Cook** Shirts, T-shirts and Jumpers are discounted by 30%. We've got a new range of Thomas Cook hats in Fur Felt and Wool Felt - classy but not expensive! *NB: Thomas Cook hats and boots are not included in the promotion.*

We are your authorised Dealers for **Kincrome Tools**, **Century Batteries** and **Castrol Oils and Grease**. We can also supply Castrol Oils in bulk in 205litre drums so that you can keep your inputs cost effective. Buying a large 205 litre drum equates to a cost saving of 20% per litre (over buying the smaller quantities).

If you are thinking about purchasing **water storage tanks**, there is a price rise on 1st March, so place your order by COB 28th February to purchase at the current price. We also have supplies of **Poly Pipe** in stock.

Come and talk to us about your unique plans for 2022 and let us help get what you need, when you need it. At Macdonald Rural CRT we are here to support you however we can in achieving your 2022 goals. See you in the shop!
